

## Tune In, Turn On, Tap Into The Loving Presence of the Divine

### New Heaven and Earth

*"The End of the world is not its destruction but its translation into Heaven." (A.C.I.M.)*

It happened again as it often does. Maureen and I were asking for our next set of lessons when we opened a Christmas gift from a friend called *"Field of Compassion—How the New Cosmology Is Transforming Spiritual Life"* by Judy Cannato. Bingo! Here sat the fresh start to the New Year with teachings to help us anchor heaven on earth.

We live in times ripe with possibilities for awakening. We are facing matters that seem unrestrained, threatening to not only spin out of control, but to shake up the whole planet as well. So many of our trusted institutions, our governments, our banks, our educational systems, are falling apart and changing, and we often feel overwhelmed with the enormity of it all. Judy Cannato says, "While it is necessary to be aware of how our institutions are and are not working and to critique them carefully and regularly, it is not productive to heap blame on or to disdain the agencies and institutions that have been formed out of our own best values. The simple fact is that *everything has a shadow side.*"

We are being called upon as a species to recognize our own shadow side and to use this moment in time to transform our own darkness into light. Transformational change is rarely ever top-down, but more from the inside out. In Unity we know that we are connected to the One Presence and One Power and we know that one single person can make an exceptional difference. Judy Cannato states, "The reality is, that noticed or not, every conscious act that gives witness to new possibilities and greater awareness contributes to the transformation of the whole." There is not an insignificant thought, word, deed or action that does not make a difference in the world.

For the next few months we will use everything that happens around us as an invitation to bring Heaven on Earth. We will create a field of kindness, compassion and forgiveness that will allow us to "move out of our fear-based behavior and into the kind of living that is at the heart of what Jesus meant when he said, 'I come that you might have life, and have it more abundantly.'" Come join in the fun and challenge of awakening in this amazing year! In 2012 we will move forward as a spiritual community and individually and collectively bring heaven on earth.

Namaste,

Richard & Maureen

**Wednesday—Sunday, January 25-29, 2012**

*"It takes a whole village to raise a child and it takes a whole community to ensure the health of its members."  
If you could go back in time, what would you change?*

*What makes billionaires, movie stars and gifted leaders so different from you and me? Is it more brainpower, more talent, more wisdom? NO. These people have discovered the power inside each one of us. Unlocking the ability to be happy, successful and strong. They do not ask 'why is this happening to me?' they ask 'What are you here to show me?' They do not ask 'When will things start going right?' they ask 'who must I become for things to change?'. They do not say 'If only I did not have, I could have....' They say 'Because I had, I can now.....' -Simran*

Don't let your mood, mind, emotions and poor health hold you back. Quantum health medicine and the Integrative Health Arts are a way of enhancing the healing of the whole person, incorporating the physical, mental, emotional, social and spiritual levels.

**Sunday, January 29, 1-2:30 pm—Healing Circle with Valentina**

We welcome again, with gratitude, internationally renown Russian healer Valentina. From an early age, her grandmother trained her in the traditional arts of herbology and healing, which later expanded to include homeopathy and bio-energetic healing through gentle body adjustments. These body adjustments are deep and advanced forms of therapy that penetrate the body's awareness to where the roots of a condition reside. At this cellular level, emotional blockages and physical illness are healed without medication. Her credits are impressive from world leaders to our own local community as medical intuitive, therapist, teacher, scientist and writer.

Our *Circle of Being* on Sunday with Valentina will help to resolve many issues for all of us. Hear the universal message that "Our Combined Voices Together in Prayer Will Support and Save the Children of Our World." Love offering

## White Stone Ceremony

Sunday, January 8  
9:00 and 11:00 a.m.

Join us for this special ceremony where we will set our intentions for the new year in 'stone.'

## Fellowship Circles are Now Forming

Fellowship Circles are an opportunity for getting to know others in a small informal group. You can meet for breakfast, lunch or dinner, go bowling, visit a museum, go on a boat ride, etc. However, most people do enjoy having a pot luck meal at someone's home or going out to eat at a restaurant. This is a great way to meet new folks and visit with old friends too!

Here's how it works: Sign up will begin in January. Each person will have the opportunity to host once or twice in a year, depending on how many people sign up. Each group will have 10-12 people in it (eight is a good number to join together for a meal and often a few cannot attend due to various reasons). One person will be preselected as host. The host will select a date, time and activity for their chosen month. The host will contact each person in their group as soon as possible about the activity. People will respond back to the host in a timely manner so the host knows how many will attend. If you do not wish to host or if you do not want to participate on a monthly basis, you may sign up to be a substitute. The host is encouraged to call substitutes if others in their group cannot attend.

The Coordinator (Annette Cook) will randomly select the groups and hosts for each month. If there is a certain month you would like to act as host, you may indicate this on the sign up sheet. You may contact Annette at 763-5155 or [admin@unitywil.com](mailto:admin@unitywil.com) if you have any questions.

Text Heart Centered Metaphysics, by Paul Hasselbeck.

Heart-centered metaphysics is a large and comprehensive subject consisting of powerful Divine Ideas, Principles and Laws that can be used to improve everyday life. In Unity, metaphysics is considered synonymous with theology; thus the study of metaphysics is the study of Unity theology! This text is focused on beliefs about the nature of Ultimate Reality or Oneness, from a Unity perspective. We will explore this idea through the 'lens of the heart' with the goal of embodying and expressing these spiritual concepts.

## Children's Corner

### Welcome to Holly Kenney our new Children's Education Director

I am absolutely delighted to be your new youth education director. It seems as though I have always worked with children in some capacity. My work as a special education teacher and parenting coach kept me involved in children's lives and yet there always seemed to be an aspect of my work that felt spiritual to me. Maybe because it is so easy to get close to a child... to feel oneness, with no pretenses or masks.

Our children are magnificent and deserve the very best spiritual teaching. To be able to teach children that they are one with God, God is not some supreme being living in the clouds... wow! To openly let them know that they are just as special as Jesus or Buddha... yes! To guide them into the feeling of oneness and share that this is truth... awesome! To lead them to listen to their hearts... spectacular!

This is a huge task before me and a very important one. I will need lots of help from volunteers who love our children as much as I do. Keep in mind that you receive much more than you give when you teach our children. They will teach you and love you and test you, ask questions you never thought you would have to answer and lead you to unexpected profound moments. Please consider being one of these awesome and very much appreciated volunteer teachers once per month. You will be hooked the first time you are telling a story and they are hanging on your every word, giving you their undivided attention and looking at you with great big eyes!

I look forward to getting to know you and your children. Please come back and meet me.

With love,  
Holly

## A Course in Miracles Sundays

A Course In Miracles teaches a thought system – a way of seeing and understanding—based on love and oneness with Spirit and with each other, as contrasted with the thought system the world teaches which is based on fear and separation. The Course shows how our human (or ego) minds resist these ideas because of our attachment to our separate bodies.

The group meets Sundays 7:00-8:30 p.m. in the parlor. We read the text together and discuss the material. We welcome you to visit to see if this is for you. The book also includes a workbook section made up of daily lessons. For information, contact Kate Rouse at 458-7888.

## From The Board

We hope that everyone is enjoying the visual changes around the exterior of the church over the past few months. The progress has been very gratifying and there are so many to thank who have volunteered their time and talents. Because of the "free" labor from these volunteers we have been able to add to the initial list of improvements. Plans are underway to replace the carpeting in the administrative area with wood flooring, have some cabinets built, improve the lighting and paint the walls. We have also submitted 2 projects that are being considered by "Work on Wilmington" which is an organization that every year looks for projects. The submitted projects are painting the back walkway and railing and improving the appearance of the front gazebo. This organization not only provides the labor but the materials as well. We should hear soon if our projects were approved, and if they are, the work will be done in early April. The plans to improve the appearance of the area leading up to the front doors are still in progress.

Jim Bitto, Board President
